

KIT CARSON'S
RELATIVE SHOT

Killed With Shotgun Near Orogrande, N. M.; Body Found Beside Road.

Alamogordo, N. M., April 24.—Gun Caron was found dead yesterday morning near his home at Orogrande, a mining camp three miles west of Orogrande and 48 miles north of El Paso. A wound in his breast evidently produced death, and a single barrel shotgun, presumably the one with which the death shot was fired, was lying across him. The gun has not been identified, and there are no clues as to the identity of the one who did the shooting, according to reports received here by sheriff Hunter's office.

Carson was a prospector part of the time, and at other times worked in the mines and for the ranchmen. He was between 35 and 40 years of age and had no family at Orogrande.

Apparently killed in battle with highwaymen, the body of Gun Caron, a mining man and said to be a distant relative of Kit Carson, was found lying in a ditch at Orogrande, after a consideration of several hours, according to reports received in El Paso. Marks later found in the road seemed to indicate that Carson had been shot after a fight with his assailants, who found it necessary to fire. The body was not powder-burned, but the shot is believed to have been fired at close range.

Mystery Murder.
A verdict of murder at the hands of unknown persons was rendered by a coroner's jury at Orogrande, after a consideration of several hours, according to reports received in El Paso. Marks later found in the road seemed to indicate that Carson had been shot after a fight with his assailants, who found it necessary to fire. The body was not powder-burned, but the shot is believed to have been fired at close range.

EASTER SUNDAY
DAY OF WORSHIP

Resurrection of Christ Celebrated in Many Churches; Masonic Services.

The anniversary of the resurrection of Christ, known throughout the Christian world as Easter, was celebrated by all the churches in El Paso Sunday as well as by Masons.

Profoundly solemn was the Easter service held by El Paso commandery, Knights Templar, at St. Clement's Episcopal church, beginning at 3 p. m. The church was well filled for the service, not only by knights but by non-Masons, the ceremonies being public.

Ritualistic Service.
With the exception of the address, which was delivered by Rev. Henry Easter, rector of St. Clement's, the entire service was ritualistic and accompanied by set music rendered by the choir of the church.

The knights, assembling at the Masonic temple at 2 p. m., entered the church to a procession of St. Andrew's, the entire service was ritualistic and accompanied by set music rendered by the choir of the church.

Religious Lights.
At the Scottish Rite hall Rose Croix chapter, Ancient and Accepted Scottish Rite of Freemasonry, conducted the ceremonies of religious lights, which were extinguished on the night of Maundy Thursday.

In all of the Christian churches of the city the morning themes were based on the resurrection of Christ, and in many Sunday schools the theme was the story of Christ's resurrection on the third day following the crucifixion and burial.

VICTIM OF CITY JAIL FIRE, BEGS NOT TO BE LOCKED UP

Attempting to obtain his release on the ground that he was a victim of the city jail fire, occurring on March 6, Charles King, arrested on a charge of vagrancy, was sentenced to serve five days in the city jail Saturday afternoon in corporation court by acting judge R. B. Stevens. Testimony of several officers in the case proved that King had been warned to leave the city several times following his release from the county hospital about four weeks ago, but that he had refused to go.

GUADALAJARA MEXICAN IS FOUND DEAD IN ROOMING HOUSE

Elario Becerra, of Guadalajara, Mexico, was found dead in a room at 908 South El Paso street Sunday night at 8:30 o'clock by employees of the hotel. There was no mark of violence on the body, and death is believed to have been due to tuberculosis.

The body was removed to the Peak Undertaking parlors.

\$400,000 PAID
TO BE PUT DOWN

El Paso Stepping Along in the Front Rank of Texas Cities; 132 More Blocks.

El Paso is maintaining its reputation as being the best paved city in the southwest. There is under construction and authorized to be constructed 132 blocks of paving, representing a cost of fully \$400,000.

Work started Monday on the paving of south Kansas street, between Overland and First streets, a distance of six and one-half blocks. Work has also started on East Rio Grande street, between Newman street and Cotton avenue. The contract has been let for paving Federal street, between Dakota and Louisiana streets, a distance of three blocks; Blacker street, between Mesa avenue and Kansas street, a distance of two blocks; and Alameda avenue, between Texas and Boone avenues, a distance of 15 blocks.

On Alameda avenue the street railway company has begun the work of laying its tracks in the center of the thoroughfare preparatory to the removal of the tracks from the south side.

Much Paving Work.
Petitions for the paving of the following streets have been granted: North Stanton street, from Rio Grande to Blacker street, 10 blocks; East Boulevard, from Cotton avenue to Federal street, 10 blocks; East Boulevard, from San Antonio to Fourth streets, five blocks; Chihuahua street, from Improvement district No. 1 to Second street, two blocks; Bliss street, from Magnolia to Piedras streets, six blocks; Oregon street, from Arizona to Hagye street, eight blocks; West street, from El Paso to Stanton street, three blocks; Cotton avenue, from Erie to Wyoming streets, and from Texas to Overland streets, 12 blocks; West Boulevard from Oregon to Rio Grande streets, four blocks; River street, from 23rd street to Circle street, six blocks; and Alamo street, from Texas to Overland streets, 12 blocks.

In addition to these petitions are in for the paving of Los Angeles street, from California street to Upton avenue, five blocks; Myrtle avenue, from Ange to Eucalyptus streets, eight blocks; and South Campbell street, from Improvement district No. 1 to Fourth street, a distance of three and one-half blocks.

Paved Full Length.
All of these streets will be paved the full width with the exception of the Blacker, Federal, East Rio Grande, Chih. River, Alamo and Los Angeles streets, which will be 20 feet wide with 15-foot parking.

Considerable work has been done during the past few months on streets for which no petitions for paving have been filed. Just now the street and grades department, under the direction of alderman J. W. Fisher, is putting Bliss street, between Magnolia and Roswell streets, and also Rosewood street, between Montana street and the southwestern right of way, Hico street, between Cebada street and Stevens avenue, has been put on grade; also Copia, from Montana to Bliss streets. In the lower part of the city, Bliss and Virginia streets have all been graded between First and Seventh streets.

Drainage Work.
Another improvement just completed is the digging of a drainage ditch on Main street, from Piedras to Rosa streets, and south on Rosa street, to the G. H. Culvert. This ditch will mark the route of the proposed storm sewer which the city contemplates building in East El Paso to take care of flood waters in times of heavy rains. In the meantime the ditch will serve as a drain and will help relieve the flood waters in the territory through which it extends.

SCOTTISH RITE
REUNION STARTS

Visitors From Out of City Coming for Degree Work; To Open Tonight.

The 31st semiannual reunion of the Ancient and Accepted Scottish Rite of Freemasonry in the valley of El Paso begins tonight at the Scottish Rite hall, 420 San Antonio street. The reunion will continue through to Friday night.

It is not known as yet just how large the class of candidates for the degrees will be, but it is expected that it will average well numerically with those of reunions in recent years. The majority of the members of the class are El Pasoans, but there will be candidates from various points in west Texas and the Panhandle.

The preparation for candidates has already been started and the work of conferring degrees will start tonight, the fourth, fifth, sixth and seventh degrees being put on, beginning at 7 p. m.

Program Arranged.
The program for tonight and Tuesday is as follows:
7 p. m.—Fourth degree, secret master.
7:40 p. m.—Fifth degree, perfect master.
8:50 p. m.—Sixth degree, intimate secretary.
9:15 p. m.—Seventh degree, provost and judge.

Tuesday Program.
8:25 a. m.—Eighth degree, intendant of the building.
9:30 a. m.—Ninth degree, elect of the 15.
10:45 a. m.—Tenth degree, elect of the 15.
1 p. m.—Eleventh degree, elect of the 15.
1:25 p. m.—Twelfth degree, grand master architect.
2:30 p. m.—Thirteenth degree, royal arch of Solomon.
8 p. m.—Fourteenth degree, grand elect, perfect and sublime Mason.

Degree Masters.
The masters for these degrees are: Fourth degree, M. H. MacCallum; fifth degree, Dr. W. M. Branch; sixth degree, Dr. W. M. Branch; seventh degree, L. L. Burgess; eighth degree, E. J. Leary; ninth degree, J. D. Love; 10th degree, J. R. Love; 11th degree, C. G. Bokahr; 12th degree, S. A. Thompson, of Fort Davis; 13th degree, R. C. Carstairs; 14th degree, F. R. Stuart.

Historical Degrees.
The historical series of degrees, conferred by the Rose Croix chapter, and extending from the 15th to 18th, inclusive, will be put on Wednesday. The chivalric and historical degrees from the 19th to the 30th, inclusive, put on by the Knights Kadosh, will be conferred Friday afternoon and night at 12:30 o'clock this morning.

The semiannual banquet will be held Thursday night following the conferring of the 25th degree, and will occur at the Harvey house.

TWO HEAVY EARTHQUAKE SHOCKS ARE RECORDED

Washington, D. C., April 24.—Two severe earthquakes, one of them of great intensity, were recorded at Georgetown university on the seismographs in morning. The heaviest shocks came at 3:23 a. m. eastern time, Friday morning. The official degree embracing the 31st and 32d degrees, will be conferred Friday afternoon and night at 12:30 o'clock this morning.

The semiannual banquet will be held Thursday night following the conferring of the 25th degree, and will occur at the Harvey house.

HEAVY EARTHQUAKE FELT IN SANTO DOMINGO
Santo Domingo, April 24.—A severe earthquake occurred here at 11:20 last night. No damage was caused.

HORSCOPE.

Monday, April 24.

A MOST unfavorable day, according to astrology. Saturn, Neptune, the Sun and Venus are all in conflict.

This is a week in which caution should be the watchword in all important transactions.

For the most reports of rumors of a sinister nature may be expected, but the seers prophesy that the peace of this country will not be disturbed.

Satan continues to forebode ill-fortune for certain excavations and mines. The Panama canal is still under a rule that presages difficulties, and all tunnels and subways are likely to bring about serious complications involving heavy expenditures of money.

Those who seek employment may not be successful under the sway of the stars, which presages disappointment, due to the exacting attitude of employers.

Women have a sinister leading while this conflagration prevails. There is indication of misunderstanding and rivalries in associations or organizations in which they are interested.

Success for theaters in certain Canadian cities are indicated for the summer months.

This is not a lucky day for first appearances in new roles or for premieres of plays.

The death of some one high in the favor of stage folk is indicated.

An accident to a yacht or pleasure boat of some sort is prophesied for a day early in summer.

Increase of sentiment in favor of prohibition is foretold, and in some way the army will awaken interest in the temperance problem.

Persons whose birth date it is have the augury of a year that is rather disturbing. The health should be safeguarded.

UGH! CALOMEL MAKES YOU SICK!
CLEAN LIVER AND BOWELS MY WAY

Just once! Try "Dodson's Liver Tone" when Bilious, Constipated, Headachy—Don't lose a day's work.

Lives up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take up nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's what you feel that awful nausea and cramp.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of

Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine; your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.
